

JAMAL CAESAR

PROFILE

Web designer and IT professional with experience creating and maintaining user-focused web solutions while supporting technology across education, financial services, managed services, and remote customer environments. Combines web design and development skills in HTML, CSS, JavaScript, PHP, and Python with hands-on service desk, Microsoft 365, Windows endpoint, LMS and SSO, printer, and network support. Brings a creative, design-minded approach to troubleshooting, process improvement, and clear digital experiences.

CORE SKILLS

Spiceworks • ServiceNow • Ticket triage and documentation • Microsoft 365 • Windows support • Canvas and LMS applications • SSO • Laptop deployment • Windows updates • Domain joining • Software installation • Printer troubleshooting • Access points and network support • HTML5 • CSS • JavaScript • PHP • Python • C++

EXPERIENCE

IT TECHNICIAN CLARENCE FITZROY BRYANT COLLEGE (CFBC)

St. Kitts and Nevis

Present

- Manage and prioritize requests in Spiceworks, maintaining clear ticket notes and a consistently high level of ticket resolution.
- Support students, staff, and faculty with Microsoft 365, Canvas and other LMS applications, SSO access, and account issues.
- Configure and deploy laptops by applying Windows updates, joining devices to the domain, installing required software, and confirming user readiness.
- Diagnose printer, workstation, and network connectivity issues and assist with access point work to restore dependable service for college operations.
- Create user guides and QR-based support resources that simplify common processes and reduce repeat questions.
- Collaborate with the IT team and propose practical improvements that strengthen support workflows and service consistency.
